I. Study

1. Curriculum

Each semester consists of 15 weeks of class work. Students discuss the content they are to complete and the course schedule etc. with their academic advisors. Detailed information on courses will be obtained from their assigned faculty/school. Students are required to take a total of 13 credits per semester. Two credits are given for most of the lecture courses that meet once a week for 90 minutes. In addition to the credits awarded by Tohoku University, we will provide information regarding the student's academic performance in their course work. For further information on credit transfer, please see "4. Grading System, Transcription and Credit Transfer".

Optionally, students may audit courses in the Junior Year Program in English (JYPE), by permission of the instructor. However, students should not expect any special treatment in such courses.

<u>Please find the Detailed Course Descriptions and updated Class Schedule on the website</u> for JYPE students.
