④ 科目名	Macroeconomics II
④ 科目名/Subject	Macroeconomics II
④ 担当教員	小寺 寛彰
④ 担当教員/Instructor	TOMOAKI KOTERA
④ 曜日・講時/Day/Period	前期 月曜日 4講時
④ 対象学年 /Eligible Participants	全/AII
④ 科目ナンバリング /Course Numbering	EEM-ECO563E
④ 単位数/Credit(s)	2

④ 授業の目的 と概要 /Object and summary of class	The goal of this course is to study standard dynamic macroeconomic models. The course makes extensive use of mathematics, mainly differential calculus. This allows both a deeper analysis of the microeconomic foundations of macroeconomic theory, and a more quantitative analysis of the models presented.						
④ 学修の 到達目標 /Goal of study	Upon completing this course students will be able to: <ul style="list-style-type: none"> • Explain how the economy works at aggregate level and how total output, employment, wages, interest rates are determined. • Describe the factors underlying economic growth, consumption/savings behavior, and business cycles. • Assess rigorously the effects of various government policies and outside shocks on these features of the economy. 						
④ 授業内容・ 方法と 進捗予定 /Contents and progress schedule of the class	This class is a continuation of Macroeconomics I. This class is an on-demand one. All materials (videos/slides/assignments) are posted in GoogleClassroom. A class code is cjpauy. Schedule: (1) Real Business Cycle Model. (2) Money. (3) Overlapping Generations Model. (4) Labor Search and Matching. (5) Macroeconomics of COVID-19.						
④ 実務・ 実践的授業 /Practical business ※○は、 実務・実践的 授業であるこ とを示す。 /Note: "○" Indicates the practical business							
④ 使用言語 /Language Used in Course	English						
④ 成績 評価方法 /Evaluation method	Assignments (15%) Final Examination (85%)						
④ 教科書 および 参考書 /Textbook and references	No	書名	著者名	出版社	出版 年	ISBN/ISSN	資料 種別
