🔸	授業題目	Global governance
🔸	授業の目的と概要	As the world grows densely interlinked, the challenge of dealing with multiple issues affecting people despite national boundaries has become prominent. Global governance explores how humanity responds to these problems in the absence of a world government. This course provides a panoramic view of the elements that come into play when we pursue governance at the global level.
🔸	学修の到達目標	By the end of the course, students will acquire a basic understanding of ongoing debates concerning global governance. Students will have the opportunity to describe pressing challenges, identify major stakeholders involved in providing solutions, characterize governance structure's dynamics, and offer informed comments about it. Additionally, the course expects to motivate critical thinking and to improve research and presentation skills.
