

# Attention Students!

Please help us minimize COVID-19 infections by behaving conscientiously and responsibly!

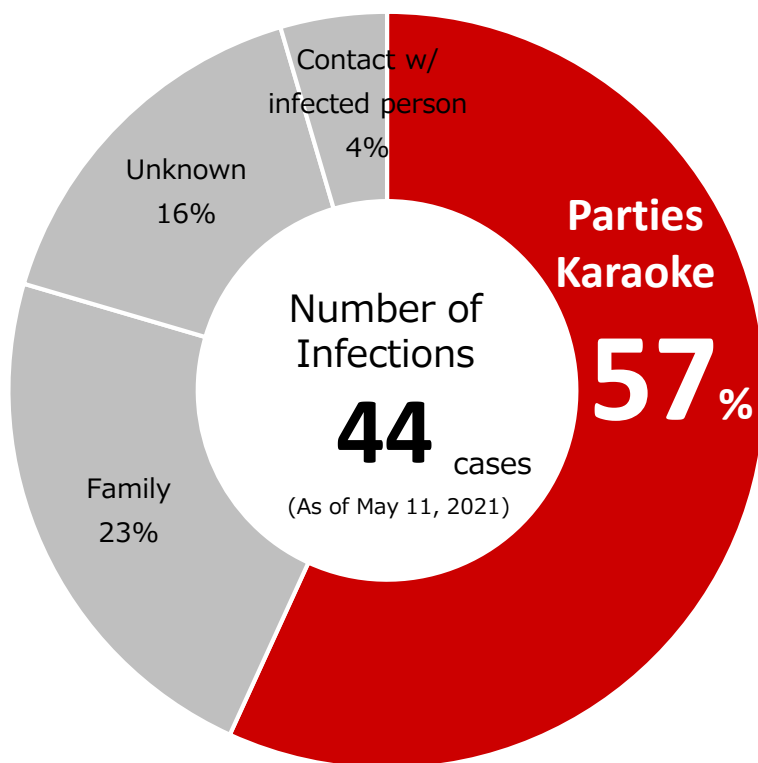

According to recent survey results:

**Parties and karaoke** are major routes of infection.

Please continue to:

**Refrain** from participating in **large gatherings, long parties, karaoke, and other events.**

## Routes of infection among TU students

Attending parties where groups of people eat, drink, and tend to speak loudly, increases your risk of infection.

Karaoke rooms are poorly ventilated, which increases your risk of infection.

- "Parties/Karaoke" includes all students who reported engaging in such activities shortly before becoming ill.
