授業題目 /Class Subject	【展開ゼミ】 Japanese Universities and Students-国際共修ゼミ-
授業の 目的と概要 /Object and Summary of Class	<p>This course will examine the issues of Japanese universities and their students in the process of globalization, from a variety of perspectives ranging from the individual experience to the role of higher education in the larger Japanese society. Discussions based on relevant readings, lectures, and student presentations will be the platform for this course. In addition to classroom discussion, students will explore one of five selected issues of universities and their students in the globalizing and diversifying society as a group project.</p>
学修の 到達目標 /Goal of Study	<p>This course aims to explore the issues of universities and students in the process of globalization by examining the case of Japan. The course is designed to encourage students to develop constructive views on the issues and draw comparisons between educational practices of university systems and attitudes and behaviors of university students in Japan and their home country.</p> <p>The three learning objectives of this course are:</p> <ol style="list-style-type: none"> 1. Understand the issues tied to globalization and how these issues may impact universities and their students in Japan, your home country, and other countries 2. Learn about the perspectives held by those living and working outside your home country and of the impact their views have on higher education 3. Conduct group projects and present major findings to the class <p>To achieve those learning objectives, different types of learning activities will be employed, including lectures, guest speakers, discussions, and fieldwork experience.</p>
