Global Leadership's Third Study Session

What dose it mean to work globally?

   For the 3rd TGL Global Leadership Workshop, we invite Ms. Satsumi Takeo, a Tohoku University graduate with over 30 years of experience in global companies. In her lecture, she will focus on her career path of providing new value through technology development and innovation in Japan and overseas, and her diversity and inclusion efforts, mainly in the development of female engineers and community building. After the lecture, there will be an opportunity for dialogue among the participants.

   Why don't you join the lecturer and the participants to think about the flexible thinking skills and leadership for building a resilient society that are required of us living in the post-pandemic global era?

※This event will be held in English.
※You can ask questions in Japanese as well.
※General participants from Tohoku University students and staff
   (except for GL and FGL) can attend Lecture and Q&A.
※This event will be hosted jointly by TGLCA and FGL.

【Program】
9/28(Tue)18:30-20:30
