④ 単位数/Credit(s)	2
④ 担当教員	劉 靖
④ 科目ナンバリング /Course Numbering	-
④ 使用言語 /Language Used in Course	
④ 備考/Notes	

④ 授業題目 /Class subject	Introduction to International Education and Development
④ 授業の目的と概要 /Object and Summary of Class	<p>By providing a wide range of issues and discussions on international education and development, this course aims to provide students with the basic knowledge and up-to-date understanding of historical paradigm shifts and new trends of international education and development towards 2030 and beyond. The course is divided into four sections. Following the orientation, in Section 1, the course will review history and new international education and development trends. Specifically, it will provide two perspectives to understand the relationship between education and sustainable development goals. In Section 2, the course introduces key issues and solutions in stages of learning by connecting the global context with Japan's context. In Section 3, the course shifts focus to perspectives of teachers, technologies, governance, and partnership for international education and development. It ends with an introduction to theories and methods of research on international education and development.</p> <p>Students will discuss assigned readings and share their opinions and reflections that link to selected themes on international education and development in class. Also, students are invited to select themes related to international education and development for written assignments and presentations.</p>
④ 学修の到達目標 /Goal of study	<p>Goals of course are to enable students to:</p> <p>(1) obtain basic and up-to-date knowledge about international education and development. (2) hold a comparative perspective on issues in international education and development at both global and local levels. (3) understand a complicated relationship between educational development and social change</p>
