Course Title (授業題目)	Academic Writing II
授業の 目的と概要	Academic Writing II is a continuation of Academic Writing I (AWI) from the spring semester; therefore successful completion of AWI is prerequisite for taking this course. Using the fundamental skills of academic writing acquired during the spring semester, students will focus on producing a fully documented research paper in English (8–12 substantial paragraphs in length). Students will thus systematically study the research process and learn how to present research into a cohesive, logically organized paper, with a special focus on proper format and citation of source material. This process will also include writing an abstract (summary) and an oral presentation of research findings.

(授業内容・方法と進度予定)	
成績評価方法	The final grade will be determined by: (1) class work, homework, and class attendance; (2) research paper and abstract; (3) research presentation; and (4) semester test.
Grading Plan (成績評価方法)	
教科書および参考書	Reference materials and practical activities will be provided on a weekly basis in printed and/or digital form. All assignments and class prints, furthermore, should be saved and carefully stored in a notebook. Note that the Style Guide of the Modern Language Association (MLA) will be used for the general research paper format of this course.
授業時間外学習	There is a lot of homework in this course, especially in completing the various research steps according to strict—yet reasonable—deadlines. Because most of the learning is based on actually doing a series of tasks, success in this course depends on consistent effort outside of class hours and timely completion of all of the tasks.
