授業題目 /Class Subject	Japanese Culture						
授業の 目的と 概要 /Objectives and Summary of Class	An exploratory culture course, Japanese Culture C is offered for foreign students to learn about and share insights into various aspects of the living culture of Japan. The course comprises three basic approaches: discussing cultural characteristics of the nation; reading some representative literature; and conducting fieldwork at places of cultural significance. Students can sign up with either Japanese Culture A or Japanese Culture C. In large part, the course contents of both classes alternate between fall and spring semesters. Those students who are here only for the fall semester are allowed to sign up with one class but may join fieldwork activities of the other class if there are openings available.						
学修の 到達目標 /Goal of Study	Students will gain a new perspective of the culture of this nation by examining the interconnection of various elements including the history and culture of Tohoku Region, rebuilding effort from the 2011 earthquake and tsunami, and various ways people expressed themselves at different periods in history.
