Class Subject	【国際共修】 Multicultural Coexistence and Human Rights (English/Japanese) /多文化共生と人権 (英語／日本語)		
Class Objectives and Summary	The aim of this course is to apply the knowledge about human rights to analyze various topics, to argue and to write about human rights issues from personal perspectives, and to develop a plan to take action for human rights in reality. We will try to create a classroom environment, where students study with each other and each of our views is heard and taken into consideration. Your active participation in the classroom is expected. 本コースの目的は、留学生と国内学生が「人権」をテーマに、共に学ぶことを通じて、人権を身近なものと捉え、人権が保障された社会を築くため、日常生活でできることから行動に移す力を育成することにある。そこでは、参加者が個別具体的な人権問題を他者に伝え、他者の経験を聞きながら、自己の「価値観」を振り返り、互いに学び合う。そのため、まずはクラス内に自己と他者の共生関係を築いていけるよう、民主的な学習環境づくりを目指す。 授業の前半は毎回異なるテーマでディスカッションしながら知識習得に努め、後半は前半で学んだ知識を基に、グループで身近な人権問題について議論し、問題解決に向けて、私たちは何ができるのかについて考えて、アクション・プランを立てる。本コースの言語は、英語と日本語を交互に使用し、グループのメンバーが協力しながら、互いに言語の壁を乗り越えていけるよう工夫する。

Contents and Progress Schedule of the Class	In this globalized world, there is an increasing need to understand diversity from various perspectives and respect people. How can we achieve this? One of the answers could be in Human Rights, which provide us with the norm of conduct for all human beings equally. Education has an important role in making this possible, because it gives us basic knowledge about Human Rights and opportunities for us to analyze the individual cases deeply and express our views in the classroom. We are going to learn the Universal Declaration of Human Rights as basic knowledge. Then, we will expand our discussion regarding the human rights issues from personal perspectives, and think about practical solutions based on the Human Rights documents. 1) Introduction: What do we mean by "human rights", i.e., who is "human" and what are their "rights"? 2) Discuss: How can we achieve “Justice and Peace”? Some people may think that justice and peace are just an ideal, and it is not possible to achieve. Is it really true? Let's discuss and find out! 3) Discuss: Is Human rights Education just an ideal? If we think human rights and human rights education are just abstract concepts, human rights cannot be achieved. What should we do to put this in practice? 4) Discuss: What are the most important of the UDHR's principles? You can think about which right is the most important for you. You will find some similarities and differences between you and your classmates. 5) Discuss: Is human rights effective?		

	If we did not have the concept of human rights, what would society be like? 6) Discuss: Should there be special rights for women? Why do we need to think about women's rights? In order to answer this, we need to know the history and the development of women's status and the rights. 8) Discuss: Is it cultural imperialism to educate for an understanding of human rights? If not, how should we do so? How do you define values, cultures, and human rights? Are there any relationships? 9) Discuss: Should there be special rights for children? Do you think we should protect children more? Why? We will refer to the UN Convention on the Rights of the Child, and discuss the rights especially for children. 11) Discuss: What is democratic education? It is important to create a democratic atmosphere in classrooms to practice human rights. We discuss the definition of democratic education and the relationships with human rights. 12) Invite Guest Speaker: We will welcome a guest speaker and have lecture about multiculturalism and human rights. 13) Group Presentation 14) Group Presentation 15) Test (1 hour) or Report and Feedback 本コースは、学部・学年・専門の異なる学生が対等な立場で興味と関心を持って積極的に参加することを期待する。授業の前半は講義と議論を中心に進め、後半はグループでのプレゼンテーションに充てる。
