**【Important: Please Check Before Course Registration!】**

This course uses Plain Japanese, a form of Japanese that controls the level of vocabulary and expressions for easier understanding. English will be used as a supplementary language, but the main language of instruction is Japanese. The course aims to help students learn about Japanese culture through the use of the Japanese language and to appreciate the close relationship between the language and the culture. Therefore, participants are expected to have at least Level4 (intermediate) proficiency in Japanese.

All sessions will be held in person.

Students must join the Google Classroom before the first session begins. Attendance at the first session is mandatory. Students who do not attend the first session will NOT be permitted to join the course.
