## Social Sciences and Humanities Immersion Programme (SoSHIP)

Our selected content-based courses aim at anyone with existing undergraduate experience and who wishes to develop the skills necessary for their study and self-development.

### Southeast Asian Studies

Gain a deeper understanding of regional issues such as power, globalisation, ethnicity and gender, culture, as well as processes and issues specific to their country or area of interest. These can include religious systems, economic network and cross-cultural contact.

### Politics and International Relations

Involve in analysis of the ways in which individuals and groups define and interpret political issues and seek to shape government decisions. This course encompasses a broad spectrum of activities relating to public affairs, from elections and bureaucracies to wars and terrorism.

### Media and Society

Offers an accessible introduction to the role that the mass media play in our lives, and our society. The course explores the relationship between consumers and media with an emphasis on the shaping influence that both have on each other.

---

### Requirements

You need to select 2 courses which are offered under this category.

In addition to those 2 courses, Seminar Series is a plenary course which is compulsory for every participant.

### Credits

The volume of credits and the curriculum which can be transferred is at the discretion of the receiving institution.

### Gender Studies

Presents a unified and comprehensive vision of the field and gender new directions. The course is designed to demonstrate the rich interplay between gender and other markers of social position and (dis)privilege such as race, class, ethnicity, and nationality.

### Strategic Communication

Equip you with leadership skills along with analytical, critical and practical skills in the field of strategic communication. The course will enable you to become responsible in communicating objectively and creatively, while adapting your knowledge with the dynamic global environment.

### Seminar Series

This plenary course features invited experts or people from industries covering topics related to social sciences and humanities issues encompass politics, economy, media etc. in order to create a vibrant learning experience among the participants.
