

INTERNATIONAL SUMMER RESEARCH PROGRAM (ISRP)

Hands-on research experience at UC Santa Cruz!

UNIVERSITY OF CALIFORNIA
SANTA CRUZ

OVERVIEW

Engage in hands-on research working with a professor and other student interns in a research lab at the University of California, Santa Cruz.

- Gain access to a research 1 university lab
- Meet other international students
- Enjoy social and cultural events outside of the lab
- Live where the redwood forest meets the coast of the Monterey Bay

"This hands-on research experience and exposure to cutting-edge research have been both enriching and remarkable. This opportunity also paved the way for several international collaborations, further expanding my horizons in the field."

– Priyamvada Nambiar, ISRP Student Intern from Amrita Univerity

DETAILS

Summer 2025 Dates: June 23 – August 15

Estimated Program Cost: \$4,600 – \$5,800
